**Thank you for supporting Dane County Humane Society! Your generosity helps provide comfort and care of thousands of animals in need every year!**

Dane County Humane Society (DCHS) is always in need of monetary gifts to help us best meet the individual needs of each animal in our care. If you have donated your time and effort to the shelter by fundraising for us, or simply wish to make a difference at DCHS, we encourage you to let us do the shopping! We have many partner organizations that help us get the best 'bang for our buck' by giving the shelter great discounts and allowing us to buy in bulk.

You can make your monetary donation online or by stopping by the shelter to donate with cash, check or card.

We can also accept donations of items we use frequently around the shelter. In-kind donations can be dropped off at the Main Shelter during business hours. Thank you for your generous support!
